May 1 - July 31  
receive FREE mini-samples of  
your unique invitation designs!

Mini-Samples are our famous iBuilder custom designs in a 2" x 2" "mini" version. They are a great way to see if your creation in person before placing the order. They include your choice of a bottom pattern; your choice of a top layer with generic sample text in black; your choice of a ribbon; and your choice of a stone.

You may get your samples by either choosing "Sample" as your quantity in the iBuilder (Step 1) or by choosing "Get Sample" after you are done building your unique design instead of going to "Checkout". You will be directed to a screen to enter your shipping information. 5 mini-sample limit per household.

If you get your samples and decide the color is off just a bit, call us about our new color matching program.
